

# **POPULAR ANNUAL FINANCIAL REPORT**

# FOR THE YEAR ENDED DECEMBER 31, 2021

#### A Message to Our Members

I am pleased to present the Popular Annual Financial Report (PAFR) for the year ended December 31, 2021. The financial data presented in the PAFR is derived from the Annual Comprehensive Financial Report (ACFR) which is audited and is consistent with generally accepted accounting principles (GAAP). The goal is to provide a summary of CCCERA's annual financial report that allows members and other interested parties to review the fund's fiscal information and demographics.

CCCERA's investment portfolio returned 13.9% (net of investment management fees) for the year ending December 31, 2021. This return was lower than the policy index return, which was 15.3% for 2021, reflecting market conditions throughout the year.

As of December 31, 2021, CCCERA's net fiduciary position totaled \$11.5 billion which means that assets of \$12.1 billion exceeded liabilities and deferred inflows of resources of \$0.6 billion. The primary use of plan assets includes benefit payments to retirees and their beneficiaries, contribution refunds to terminating employees, and the cost of administering the system. The funded ratio is 91.8%, as of December 31, 2020, the date of CCCERA's most recent actuarial valuation.

CCCERA has a net pension liability (NPL) (asset) of \$(0.24) billion as of December 31, 2021. The plan fiduciary net position as a percentage of the total pension liability as of December 31, 2021 is 102.2%. The net pension liability (asset) as a percentage of covered payroll is (24.9%) as of December 31, 2021. The associated schedules and further additional information for this requirement are shown in the Financial Section of the ACFR.

CCCERA established an IRS section 115 irrevocable Other Post-Employment Benefits (OPEB) Trust in 2018. The purpose of this Trust is for CCCERA, as a single employer plan, to set aside assets to offset the OPEB retiree health benefits liability for its employees, which was \$5.5 million as of December 31, 2021. CCCERA has funded 95.1% of the OPEB liability. The OPEB Trust is separate from CCCERA plan assets and presented as a separate column in the Financial Section of the ACFR.

All members, active and retired, are affected in some way by COVID-19. CCCERA continues to fulfill its mission to administer pension benefits earned by our members and to be prudent stewards of plan assets including effective monitoring of the investment portfolio performance. Please refer to the ACFR Investment Section for additional information.

This PAFR report is not intended to replace the ACFR. Detailed information on the subjects included here and other important aspects of CCCERA's administration are located in our ACFR at cccera.org.

Chief Executive Officer

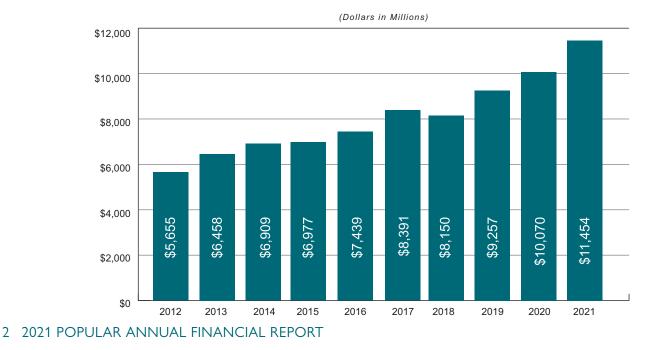

# FIDUCIARY NET POSITION RESTRICTED FOR BENEFITS

As of December 31, 2021, CCCERA had \$11.5 billion in net position restricted for benefits, which means that assets of \$12.1 billion exceeded liabilities and deferred inflows of resources of \$0.6 billion.

The Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position report CCCERA's net position restricted for benefits and is one way to measure the plan's financial position. Over time, increases and decreases in CCCERA's net position are indicators of whether its financial position is improving or deteriorating. Other factors, such as market conditions, should be considered in measuring CCCERA's overall financial position.

As of December 31, 2021, the net position restricted for benefits improved favorably by 13.7% compared to 2020, primarily due to positive investment returns. CCCERA's total investment portfolio returned 13.7% net of fees for the fiscal year ending December 31, 2021, lower than the policy index return which was 15.3% for 2021. CCCERA's net of fees annualized rate of return was 12.6% over the last three years, 9.6% over the last five years, and 9.3% over the last 10 years.

## CHANGES IN FIDUCIARY NET POSITION

The primary sources of funding for CCCERA member benefits are employer contributions, plan member contributions, and net investment income. Total additions to fiduciary net position for the years ended December 31, 2021 and 2020, were \$1,944.9 million and \$1,341.9 million, respectively. The increase in the current year is primarily due to investment gains being higher than in the previous year. The increase in employer contributions is mostly due to higher employer contribution rates over the prior year. Plan member contributions increases over the prior year mostly due to an increase in plan members. Net investment income for the year ended December 31, 2021 totaled \$1,416.4 million.

CCCERA's plan assets can only be used to make benefit payments to retirees and beneficiaries, contribution refunds to terminated employees, and pay the cost of administering the system. Total deductions from fiduciary net position for the years ended December 31, 2021 and 2020, were \$561.3 million and \$528.6 million, respectively. Benefits paid to retirees and beneficiaries were \$532.1 million in 2021, an increase of \$31.9 million, or 6.4% over 2020. The growth in benefit payments was due to a combination of the following: (1) the net increase in the number of retirees and beneficiaries for the year, and (2) the increase in average retirement allowances of those added to the retirement payroll.

#### ASSET ALLOCATION AND INVESTMENT RESULTS

Asset allocation is an integral part of CCCERA's investment policy. CCCERA's Chief Investment Officer and the outside investment consultants (Verus and Stepstone) assist the Board of Retirement in designing strategic diversification strategies to maintain steady, long-term gains, with appropriate risk. Please refer to the ACFR for additional information.

The main investment goal is for the total return to exceed the policy index return, which was 15.3% for 2021. As mentioned, for the year ended December 31, 2021, the total return was 13.9% after fees.

\*Using time-weighted rate of return based on the market rate of return.

#### **REVENUE BY SOURCE**

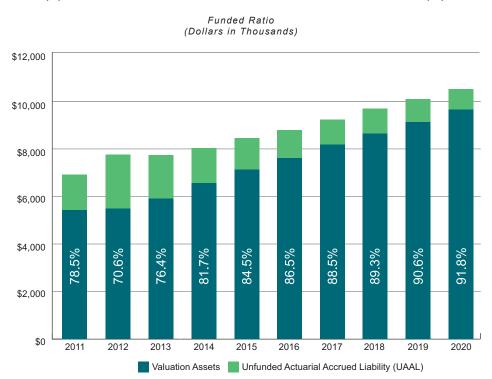

Employer and plan member Basic and COLA (cost of living adjustment) contributions are based on statute and rates recommended by our independent actuary (Segal) and adopted by the Board.

CCCERA's actuarial valuations are performed annually as of December 31 each year. Contribution requirements and rates resulting from such valuations become effective 18 months after the valuation date. For example, the valuation as of December 31, 2020 and resulting rates become effective on July 31, 2022.

# **ACTUARIAL FUNDING STATUS**

In order to determine whether the pension plan's net position restricted for benefits will be sufficient to meet future obligations, the actuarial funding status needs to be calculated. An actuarial valuation is similar to an inventory process. On the valuation date, the assets available for the payment of retirement benefits are appraised,

with gains and losses over the previous five years smoothed to avoid significant swings in the value of assets from one year to the next. These assets are compared to the actuarial accrued liabilities, which are the actuarial present value of future benefits (attributable to service already earned) expected to be paid for each member.

The purpose of the valuation is to determine what future contributions by the members and by the employers are needed to pay all expected future benefits.

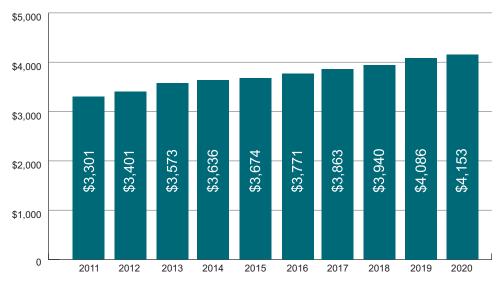

#### **MEMBERSHIP**

CCCERA's membership consists of full and part-time employees, members who have left employment service and have deferred their receipt of retirement benefits, and retirees and their beneficiaries from Contra Costa County and participating employers and districts. CCCERA's total membership as of December 31, 2021 is 24,115.

#### **AVERAGE BENEFIT PAYMENTS**

The chart below is a broad representation of average benefits paid monthly over 10 years to retirees and beneficiaries. Both general and safety member figures are combined in this calculation, as are all tiers. The chart includes all members who have retired through December 31, 2020.

## AWARDS FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to CCCERA for its PAFR for the fiscal year ended December 31, 2020. The Award for Outstanding Achievement in Popular Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government reports. In order to receive this award, a government unit must publish a PAFR whose contents conform to program standards of creativity, presentation, and understandability, and reader appeal. The award is valid for a period of one year only. CCCERA has received this award for the last 12 consecutive years since 2009. We believe our current PAFR report continues to conform to the Popular Annual Financial Reporting requirements and will submit it to the GFOA for review.

The GFOA has also awarded CCCERA its 21st Certificate of Achievement for Excellence in Financial Reporting Award for its ACFR for every year from 2000 to 2020. This is a prestigious national award

recognizing conformance with highest standards for preparation of state and local government reports.

CCCERA has also earned the Public Pension Coordinating Council's Public Standards Award for 2021 and going back since 1998. The award is intended to reflect minimum expectations for public retirement system management and administration, and to serve as a benchmark by which all defined benefit public plans should be measured.

#### 2021 BOARD OF RETIREMENT (As of December 31, 2021)

Scott W. Gordon Chairperson David J. MacDonald Vice-Chairperson Jerry R. Holcombe Secretary Russell V. Watts County Treasurer John B. Phillips Candace Andersen Donnie Finley Louie Kroll Dennis Chebotarev Mike Sloan (Retiree Alternate) Jay Kwon (Appointed Alternate) Reggie Powell (Safety Alternate)

# MORE ABOUT CCCERA

CCCERA's website, *cccera.org*, provides resources for members, employers and the public. In addition to the ACFR, it features forms, handbooks, video tutorials, a calculator to estimate retirement benefits, and more.
