More Information

A reminder, this form is for CCCERA internal use only. It will not be sent to the IRS or any public or private reporting agency. It is used only to determine the amounts you have chosen to withhold from your pension for annual tax liability.

If you are a member and a survivor of a member, you will receive a separate pension check for each. Please complete a tax withholding form for each pension check.

You are not required to have Federal tax withheld from your monthly payments. However, if you choose to exempt yourself from withholding, you must pay any required taxes through other sources, such as quarterly estimate and deposits. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient to meet your tax liabilities.

CCCERA retirees living in California are subject to California income tax. CCCERA payments to retirees living outside of California are not subject to California income tax, but benefits may be subject to other state taxes. Consult your tax specialist or state Department of Revenue for complete information on your specific tax status.
