ESTIMATE YOUR RETIREMENT BENEFIT: TERMS AND CONDITIONS

This worksheet is intended to be used as a tool, only. For specific detail on your retirement, please refer to your Retirement Member Handbook available at *cccera.org* or contact CCCERA at (925) 521-3960. Specific terms subject to your retirement benefit have been summarized below.

Retirement Eligibility:

PEPRA Safety Tier D and E members have membership dates on or after January 1, 2013. These members are eligible to retire after accruing five years of retirement service credit, and are at least 50 years of age, or at least 70 years of age regardless of service. Members who are within two years of retirement should contact CCCERA to receive a formal estimate, attend a pre-retirement workshop, or make an individual appointment with a retirement counselor.

Cost of Living Adjustment (COLA):

Pension benefits include a COLA (based on changes to the CPI). Tier D service retirements have a 3% maximum COLA; Tier E service retirements have a 2% maximum COLA.

Pensionable Compensation:

Under the law, pensionable compensation is defined as the "normal monthly rate of pay or base pay of the member paid in cash to similarly situated members of the same group or class or employment for services rendered on a full-time basis during normal working hours, pursuant to publicly available pay schedules."

It excludes many forms of compensation such as uniform allowances and payments for unused leave. There is also an annual limit on pensionable compensation. For 2021, pensionable compensation is capped at \$128,059 for members who participate in Social Security and \$153,671 for members who do not participate in Social Security. In future years, the pensionable compensation limit will be adjusted based on changes to the Consumer Price Index (CPI) for all urban consumers.

Unmodified Allowance:

This estimate is for the "Unmodified Allowance" only — this allowance gives you the highest monthly benefit. Choosing any other optional retirement benefit (i.e., Option 1, 2, 3, or 4) will result in a reduced allowance.

Disclaimer:

Benefit availability and amounts will be based on your actual circumstances at time of retirement, determined by the actual documents, contracts, policies and laws in effect at that time. This is an informal estimate only. It does not reflect the detailed calculations, research, and verification of contributions, service credit, age factors, or pay items that may impact your final retirement benefit. If you have service credit in more than one tier, each tier's benefit must be figured separately, using the appropriate factor table.
